A close-up photograph of a person's hand adjusting a thin, adjustable light segment of the RA SYSTEM lamp. The hand is positioned on the right side of the frame, with fingers gripping a thin, cylindrical light tube. The lamp's structure consists of several vertical, thin light tubes and horizontal curved segments, all in a metallic finish. The background is dark, making the metallic elements stand out. The lighting is soft, highlighting the texture of the hand and the sleek design of the lamp.

RA SYSTEM

Ra è una collezione innovativa: nell'utilizzo personalizzato della luce e nell'essenzialità del disegno. Ispirata all'antico dio egizio, da cui prende il nome, Ra incorpora la potenza e la maestosità del sole, fondendo design e mitologia. Grazie ai sottili segmenti di luce che danno forma alla lampada, disposti a raggiera e incastonati in cerchi perfetti, ogni pezzo proposto esprime, nell'indiscussa originalità, l'essenza dei raggi solari: offrendo una luce intensa ed avvolgente. Rende unica Ra, la facilità di rotazione dei segmenti luminosi, che permette di modulare e direzionare l'illuminazione, secondo le esigenze specifiche dell'utilizzatore. Ra, arricchisce con coerenza la collezione Antonangeli Contemporary Design: grazie alla sua cifra stilistica, è perfetta per creare atmosfere e scenografie esclusive.

Ra is an innovative collection: in the personalized use of light and in the essentiality of its design. Inspired by the ancient Egyptian god from whom it takes its name, Ra incorporates the power and majesty of the sun, fusing design and mythology. Thanks to the thin light segments that shape the lamp, arranged radially and set in perfect circles, each piece proposed expresses, in its undeniable originality, the essence of the sun's rays: providing an intense and enveloping light. What makes Ra unique is the ease of rotation of the light segments, which allows the light to be modulated and directed according to the specific needs of the user. Ra enriches the Antonangeli Contemporary Design collection with coherence, thanks to its aesthetics character, is perfect for creating exclusive atmospheres and scenographies.
